VATOZ ROBOTIC

ROBOTIC SOLAR PANEL CLEANING TECHNOLOGIES

50 cm TELESCOPIC BRUSH SET

Developed for panel cleaning, the 50 cm telescopic brush set offers a practical, economical, and effective cleaning solution with its lightweight structure, modular design, and telescopic operating system. It is an ideal assistant for areas where robots cannot operate and for applications that require detailed manual cleaning.

50 cm	4,5 kg	9–10 Hours	2–6 m	1,5 kg	1-Year
BRUSH LENGTH	LIGHTWEIGHT BODY	SINGLE LI-ION BATTERY	TELESCOPIC HANDLE	BACKPACK BATTERY	WARRANTY

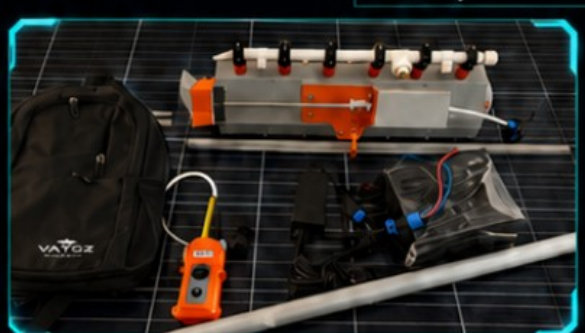

KEY FEATURES

- Modular and separable structure
- 50 cm brush length
- Approx. 4.5 kg weight with a lightweight structure in its class
- Approx. 9–10 hours of operation with a single Li-Ion battery
- Extendable telescopic handle from 2 to 6 meters
